

Privacy policy for the website of Familystart beider Basel

This privacy policy applies to the use of this website and the services offered on it. It informs you about the collection of personal data during your visit to this website:

The protection of personal data is important to us. We therefore conduct our activities in accordance with the legal provisions on the protection of personal data and data security. Below you will find out what information we collect, how we handle it and to whom we make it available.

Personal data

We do not collect any personal data on our website, unless you voluntarily provide us with such data for the purpose of finding a midwife or registering as an association member. By submitting the relevant online registration form, you consent to the processing of your data.

Purpose and earmarked use

When you register for midwife placement, we use the personal data you provide to search for a midwife for you. If the search is successful, we will forward the data to the relevant midwife. Of course, we use digitalised channels that are protected against misuse to forward and store your data. The midwife is subject to professional secrecy and confidentiality and must comply with the provisions of the Swiss Data Protection Law.

Familystart uses the data in anonymised form for statistical analysis of our business activities. In this form, no conclusions can be drawn about specific persons.

When you register as a member of the association, the data you enter and the documents you submit will be forwarded to the board of Familystart to assess your application for membership. If you are accepted into the association, your data will be listed in a directory of association members and used in anonymised form for statistical purposes.

Security

Familystart takes technical and organisational security measures to ensure that your data is protected against unauthorised access. Under no circumstances do we sell or transfer your personal data to third parties.

Automatically collected non-personal data

When you access our website, information that cannot be attributed to a specific person (e.g. the Internet browser or operating system used) is occasionally collected automatically. We use this information to improve the performance of our website.

"Cookies" - information that is automatically stored on your computer

When you visit our website, the system may store information on your computer in the form of a "cookie". These are exclusively essential, i.e. technically necessary cookies that serve to ensure specific functions of our website.

Links to other websites

The Familystart website contains links to other websites. Familystart beider Basel is not responsible for the data protection policies or the content of these other websites.

Requests to view

Familystart will respond to all reasonable requests to view and, if necessary, correct, supplement or delete personal data.
